The mission is supported by all the specific programs CIAC manages including domestic abuse comprehensive, sexual abuse comprehensive, homicide and violent crime, housing, homelessness and abuse in later life. Our staff supports victims and aids in assessing immediate safety needs as well as supporting survivors in creating long term goals. The CIAC team focuses on empowering communities to hold offenders accountable and keep survivors safe with support and tools to succeed. Advocates connect victims with other community agencies and work to improve services that victims' access by training other agencies on trauma informed care. The agency is truly victim centered, survivor responsive and passionate about providing comprehensive services in southwest Iowa.

CIAC's comprehensive service menu includes 24 hour toll free crisis lines, transitional housing, emergency housing, legal advocacy, medical advocacy, safety planning, individual counseling, group counseling, educational groups, court accompaniment, hospital accompaniment, interpretation services, translation services, and information/resource gathering. These services are only a sample of all the services CIAC provides to victims pre, peri and post-trauma. Everybody on CIAC staff is trained to provide advocacy services and is required to be certified by a state coalition. In addition to having expert skills, CIAC advocates are as accessible as possible by meeting victims at our office locations, private dwellings, churches, workplaces and community designated safe zones.
