Don't Forget Our Special Calf/Yrld Auction
 Friday, October 23rd, @ 10:30Am • 1500 Hd.
 Featuring Several Nice New Crop Calves.

2020 continues to throw curve balls with a significant snow early Sunday morning. I think all the calves we are weaning didn't seem to mind it at all. It felt like it freshened the air up a bit! Once again if you are marketing calves over the next few months, we strongly encourage you to visit with your vets about your vaccination protocol. In addition, if possible, a 45 day or longer weaning program makes starting these calves a ton easier for the feed yards. The health of these calves should be our #1 priority. Our deepest sympathy goes out to Dan & Jim Muff of Dow City on the passing of their father Bud. Rest in Peace.

FED CATTLE/WEIGH COWS TUESDAY, OCTOBER 13TH:

We had a nice run of market stock. Fed cattle were steady. Grain fed cows were higher & the leaner cows were steady. I'm sure we will see some additional pressure on the lean cows however there should be some support on the right kind to go to feed.
