Do you know the checkoff money that all of us United States Beef producers pay doesn't go to promote exclusively U.S. beef? As crazy as it sounds its true. So, our own checkoff dollars are used to help the importers keep domestic prices lower by subsidizing Foreign product. Then the entities like the National Cattlemen, that receive most of the checkoff funds, lobby congress to kill marketing leverage tactics like Mandatory C.O.O.L. and the 50-14 cash market bill we so desperately need. What a vicious cycle the checkoff has created. Like a tractor that doesn't seem to be running correctly, maybe it time we overhaul the checkoff system

FED CATTLE/WEIGH COWS TUESDAY, JAN 19TH:

Fed cattle were quite a bit better than the awful trade we had a week ago. Weigh cows might have been steady @ best. The lack of Country of Origin Labeling is killing us on the cow trade. Importers are killing us with cheap lean trimmings. If you are a member of the Iowa Cattlemen call them & demand the Iowa Cattlemen pass policy supporting mandatory C.O.O.L.! Contact your congressional office & ask them to stand up for the United States Beef Producers!
