**The Garden Bug**  
Flowering Ground Covers  
Landscapers love these plants, as they offer beauty and function, giving a yard color while helping to fight weeds and control erosion. Some favorites for full sun areas are Creeping Phlox (Phlox subulata), Candytuft (Iberis sempervirens), Ice Plant (Delosperma cooperi), Yellow Alyssum (Aurinia saxatilis), Dragon's Blood (Sedum spurium) and Snow-in-Summer (Cerastium tomentosum). Some shade-tolerating varieties are Pachysandra (Pachysandra terminalis), Bugleweed (Ajuga reptans), Yellow Archangel (Lamium galeobdolon), Cotoneaster (Cotoneaster horizontalis) and Sweet Woodruff (Galium odoratum). - Brenda Weaver
